	COVID-19 has had detrimental effects on the local economy, with layoffs and modified working conditions. Changes to the labor market, such as fewer hospitality and retail jobs in addition to ongoing automation of office and factory jobs, mean many workers won't have jobs to return to and will need to reskill in order to reenter the workforce. Since its inception in 1998, the Job Path program has been a

Project Description	primary support mechanism to assist students and lower income workers in Pima County in their quest to advance their training with a goal to obtain diplomas and/or technical certifications leading to higher income jobs. The Job Path model includes providing household assistance to assure that students do not face economic barriers to completing their chosen training program, including wrap-around case management services and financial aid for both school and non-school expenses (e.g., childcare, car repairs, and minor emergencies). Job Path will enroll 670 eligible adults per year in each of three consecutive budget years (\$1,000,000 each year) and receive \$2,500 in the fourth year.

Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Pima County Communications liaises with departmental and tourism sector partners to support economic recovery. This communication effort provides ongoing outreach, event promotion, and industry highlights, specifically focused on local tourism, travel, and hospitality sectors.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Assistance to tourism, travel, hospitality, and other impacted industries for programs, services, or capital expenditures is an enumerated eligible use of SLFRF (Final Rule, p. 421)

Project Name: Kino Event Center Repair

Project Identification Number	PC30
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.35-Aid to Tourism Travel or Hospitality
Status To Completion	Not Started

Adopted Budget	\$750,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Due to exceptional high usage for unexpected long durations during the COVID-19 pandemic the Kino Event Center was utilized for both COVID-19 testing and vaccine distribution. Areas normally purposed for a specific function were transitioned to COVID-19 specific needs (gym used for basketball became testing and vaccine primary locations, meeting room became testing rooms, weight training rooms utilized for symptomatic individuals, aerobics room used for PPE storage). As a result the wear and tear on the floors, walls, surfaces, and in some cases fixtures and equipment was more than usual and customary usage. During the period from May 2020 thru June 2021 the facility was not available for rental use and generating event income resulting in a substantial loss of revenue.
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$750,000.00

Project Description	In converting the existing gravel parking lot to asphalt parking lot, it will increase the number of paved parking spaces by 828. Project scope includes removal of gravel, grading of area, installation of asphalt, stripping, and west side reflective delineator barriers. Repair of the gravel lot for use due to COVID-19 related heavy use during pandemic. Adding paving results in decreased dust and maintenance required with gravel replacement and relocation. Paving of the gravel area makes it more usable and accessible for a variety of events and uses. With additional of 828 paved

	parking spaces to our inventory, this allows for revenue generation by way of event use such as car shows, gem show as well as those events that charge a parking fee.
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$691,857.65

Total Cumulative Expenditures	\$355.30
Current Period Obligations	\$355.30
Current Period Expenditures	\$355.30
Project Description	<p>Currently juveniles requiring non-emergency dental procedures must be transported to services offsite, placing a burden on the children who are required to be transported in handcuffs as well as security staff who are required to travel</p>

	with the child, reducing security staff at PCJDC. Enhancing current capacity to address dental concerns on-site reduces the likelihood of community exposure to COVID-19.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The need to protect juveniles who needed dental care from COVID-19 while housed in the county's juvenile detention center prompted the decision to provide dental care within the facility rather than risking exposure at community-based facilities.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Provision of dental care is crucial for improved health outcomes. The County is responsible for providing receiving appropriate and timely medical care while in detention. Due to the pandemic, many children detained have not received appropriate or timely preventative dental treatment.

Project Name: Victim Services Community Needs Assessment

Project Identification Number	PC18
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.11-Community Violence Interventions
Status To Completion	Not Started
Adopted Budget	\$700,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The County recently invested in a community needs assessment designed to determine current accessibility of support services for victims of sexual assault, harassment, and stalking. The needs assessment will identify gaps in services to specialty populations, including those who may need to quarantine due to COVID-19 but still need support. Based on the results of this community needs assessment, ARPA funds will generate data-driven, community informed enhancements to improve accessibility of support services especially to populations that are underserved, including people who identify as LGBTQ+, people with disabilities, people with limited English proficiency, and families who may be insecurely housed or escaping domestic violence.

Project Name: Domestic Violence Shelter Improvements

Project Identification Number	PC17
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.4-Prevention in Congregate Settings (Nursing Homes, Prisons/Jails, Dense Work Sites, Schools, Child care facilities, etc.)

Status To Completion	Not Started
Adopted Budget	\$1,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The area's largest domestic violence emergency shelter facility is designed for a communal living model. The emergence of COVID-19 required a shift to non-congregate sites in hotel room blocks to allow families to quarantine as needed, which exponentially increased operational costs. Proposed enhancements to the current shelter will not only expand capacity to serve more families, but will also accommodate non-congregate living to respond to the current and any future pandemic emergencies.
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$1,000,000.00

Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	During the COVID-19 pandemic, the OME saw drastic increases in overall processing of remains, investigations and indigent internment processing. Over the course of the COVID-19 pandemic, the facility and equipment capacity exposed limitations to meet the growing demand. Specifically, the facility design for the Office of the Medical Examiner would align as a consolidated larger-capacity facility, with an increase in freezer space, incinerators, increase intake / release space and capacity, and auxiliary / mobile cold storage for overflow. Facility modifications, additional sally ports, and crucial equipment, specifically, increase in freezer space (including auxiliary and mobile

	cold storage), incinerators, and additional equipment are all crucial in assuring appropriate and timely response to the COVID-19 pandemic .
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$4,000,000.00
Type of capital expenditures, based on the following enumerated uses	Medical facilities generally dedicated to COVID-19 treatment and mitigation

Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The Ajo Curley School gymnasium has been identified as an appropriate facility to allow for cross-functional utilization specifically, public events, identified space for community service provision, and community gatherings. Of note, this facility will support the individuals and families seeking asylum at the southern border, serving as temporary respite space, prior to their transportation to other locales. This facility will be modified to meet public health COVID-19 recommendations, specifically with respect to adequate physical distancing, space for COVID-19 testing, and coordination of services for this population. Similarly, this facility will serve as a community space that can be used for civic, public health and recreation activities, and other identified service needs. Finally, this space will be adequate for additional emergency services as identified by County leadership. The facility modifications will allow for multiple uses for Ajo residents, all which adequately meet the demands of the community, while assuring public health and safety, in addition, support economic growth and impact for years to come.

Project Description	The technological infrastructure improvements at the KSC resource room will allow participants to access internet and computers that are more efficient as these individuals will be searching for employment and other resources. The community will benefit from the use of the resource area. The space is customer centric and offers another resource for individuals who are seeking assistance with eviction prevention, connecting to other resources and employment search The project will aid individuals seeking assistance for all CWD programs including those projects funded by ARPA. The resource area is a specific space for individuals to access, apply for and receive services as needed. These participants represent population disproportionately affected

	by economic harm, resulting from the pandemic. The facility modifications create additional access to individuals and families that need CWD services, such as rent / utility support, job training, and other services identified as a priority for Pima County residents, in addition to private meeting spaces to meet with CWD specialists, during the COVID19 pandemic.

Description	The purpose of PEEPs is to increase the number of income eligible 3-5 year old children attending evidence-based high quality preschools, via local funding partnerships and state-wide coordination. The focus is on children from economically disadvantaged families, with incomes at or below 200% of the Federal Poverty Level, as well as minority and dual language learners, since decades of research has shown that it is these children benefit the most from evidenced-based high quality early learning. As we begin to recover from the pandemic, this program supports parents returning to work and provides children with the care and education they need to overcome the educational disparities that were exacerbated during this pandemic.

Description	The purpose of PEEPs is to increase the number of income eligible 3-5 year old children attending evidence-based high quality preschools, via local funding partnerships and state-wide coordination. The focus is on children from economically disadvantaged families, with incomes at or below 200% of the Federal Poverty Level, as well as minority and dual language learners, since decades of research has shown that it is these children benefit the most from evidenced-based high quality early learning. As we begin to recover from the pandemic, this program supports parents returning to work and provides children with the care and education they need to overcome the educational disparities that were exacerbated during this pandemic.
